Comfo Zone

#28-7004

Description

Constructed with an open-cell polyurethane foam, which was exclusively developed for the fabrication of orthotics. Provides perfect stress dispersion while performing day to day activities.

The insole comes with a small metatarsal pad and features strategically placed suede cut-outs in the top cover to reduce shear forces.

Easy to modify. 96% rebound rate. Grindable and adheres well. No glue or delaminating. Machine washable. 20 shore.

Available in fourteen European sizes.
