Ultra Zone

#28-7004

Description

Constructed with an open-cell polyurethane foam, which was exclusively developed for the fabrication of orthotics. Provides perfect stress dispersion while performing day to day activities.

Different shore densities throughout the insole give each area of the foot the perfect cushioning and support. The insole comes with a small metatarsal pad and features strategically placed suede cut-outs in the top cover to reduce shear forces.

Easy to modify. 96% rebound rate. Grindable and adheres well. No glue or delaminating. Machine washable. 20 shore A forefoot - 50 shore A midfoot - 20 shore A rearfoot.

Available in fourteen European sizes.
